## The love of clear lines: PITT Graphite Sets

The art is in the idea, so they say. What artists need to make their ideas reality are precise and high-quality art supplies. PITT Graphite Sets have everything an artist needs to draw or paint their concepts or imaginings onto a white sheet of paper.

The green metal box contains a wide selection of pencils in different degrees of hardness as well as crayons to aid both professionals and amateurs in their work. Like the Castell 9000 standard and Jumbo pencils in 2B and 8B for initial sketches. The kneadable eraser ensures optimal results. The graphite crayons are the ideal and very economical medium for working on very large sketches and areas. The water-soluble pencil GRAPHITE AQUARELLE is ideal for preliminary sketches for watercolour drawings and for complete watercolour techniques in graphite. The set comes in small, medium and large with the respective amount of contents. Each one is also a great gift idea!
